

# 2023 MONTHLY HBOT WEBINAR

TOPIC: Know the Resources Available for

Y o u   a n d   Y o u r   P a t i e n t s

Presenter: Deborah Heart & Lung Center

## Resources come from many sources:

- Transportation Assistance
- Education
- Hospital Systems
- Communities
- State Agencies
- [Serena Group inc.com](http://SerenaGroupinc.com)

# Professional Resources

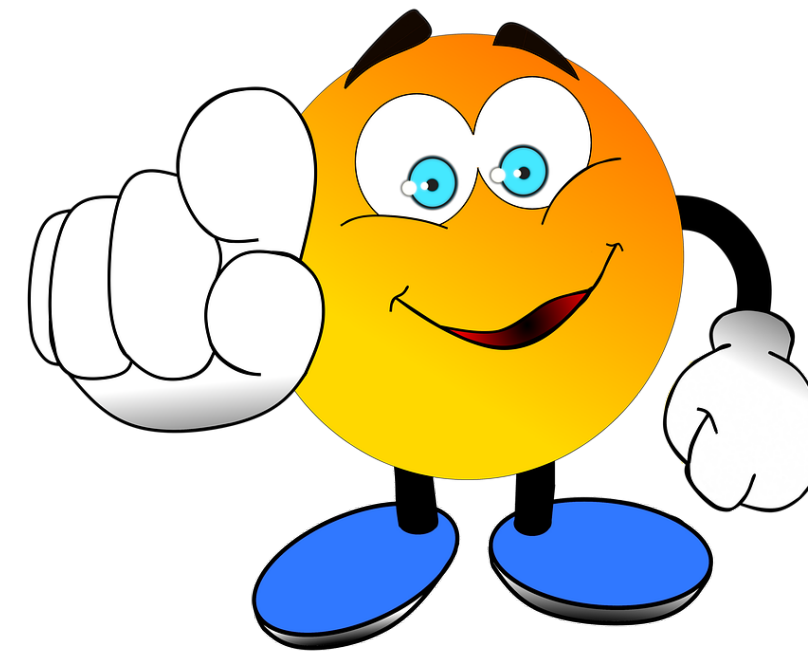

## *DID YOU KNOW?*

- SerenaGroup provides advanced wound care education monthly through the member's portal at [serenagroupinc.com](http://serenagroupinc.com)
- SerenaGroup provides monthly hyperbaric safety meetings with round table discussions available on the member's portal if you miss the live
- SerenaGroup education Committee available for all questions, resource direction and help in finding or creating educational resources needed in your center

# Member s P o r t a l

Serenagroupinc.com provides advanced wound care education as well as policies and procedures, clinical guidelines, monthly educational PowerPoints, access to patient educational handouts and much more. All this and much more are at your fingertips. Share your knowledge with your peers, mentors and patients!

# Community Resources

Different communities and regions have different opportunities.

- Get to know the social services team at your hospital for a wealth of knowledge regarding useful resources for everything from finance to transportation!
- Local community agencies may help with things like transportation and medical equipment. (for example, the County Office of Aging)
- Provide the educational material available for you at [SerenaGroupInc.com](http://SerenaGroupInc.com).
- Have a compiled list of assistance (physical therapy, nutrition, endocrinology and other specialties you work with often) handy for both your patient and your physicians so that we can provide best possible outcomes for all our patients.

# A Walk Through The Member's Portal

The following list of materials were developed by SerenaGroup for the advanced wound care patients. Use these tools to help you and the Advanced Wound Care Center to learn more about wound care and some of the related conditions, as well as, how to prevent, educate and help manage them during the patient's wound healing process.

**PROFESSIONAL  
RESOURCES**

# Support Your Team

- Teamwork defines SerenaGroup! Apply this to sharing your knowledge. Share a resource that you may have recently discovered at your monthly meetings. Keep educational handouts that your clinic uses often in a place where everyone has access to using or adding to.
- Get to know your departments, build strong professional relationships with the departments that your team utilizes often.

quizz

# Question 1

1. Give one example of what resources are available to you as a professional?

# Answer 1

Answer: [SerenaGroupinc.com](http://SerenaGroupinc.com), local and state government agencies, hospital social service department.

# Question 2

2. Where would you find a handout to educate a patient on the importance of debridement?

# Answer 2

Answer: [serenagroupinc.com](http://serenagroupinc.com) members portal

# Question 3

3. If a patient states that they were very confused after their initial consultation, what can be done to improve this for the next patient?

# Answer 3

Answer: Provide educational materials (provided by Serena Group portal). Listen to patient and ask questions related to their visit to ensure that they understand not only their appointment but any testing/orders from the physician. Provide patient with office number and name on the follow up card and reassure them that all questions and concerns are welcome.

THANK  
YOU
